As with all school matters, safety is a primary concern. In regard to winter weather, HNS is in communication with a team of people to determine the safest and best course of action for the students, families, and staff who reside throughout the county. When making the decisions to cancel school or not, we take into consideration a variety of factors including the road conditions throughout the county and whether or not our employees and students are able to travel with or without bussing among other factors. We are also committed to quality education and in the event we decide cancellation of school is the safest option for snow or other weather conditions, we will remain with the traditional closure and avoid non-traditional instruction (NTI). Thank you for your support.
